

- ✓ **Monitor employee browsing activity**
- ✓ **Capture URLs /length of visits**
- ✓ **Generate web usage reports/charts**
- ✓ **Monitor the bandwidth usage**
- ✓ **Compatible with all major browsers**

**BrowseReporter is a powerful web monitoring tool that tracks user browsing activity. Includes an extensive reporting utility for identifying unproductive employees / students.**

✓ **Track and Report Internet Usage:**

Monitor web browsing activity by user or computer basis with comprehensive reporting in both tabular and graphical formats.

✓ **Automated Email Reports:**

- ✓ Eliminate the manual task of generating reports! Schedule reports to be automatically generated and emailed to you or an administrator on a scheduled basis.

✓ **Schedule URL Tracking:**

Collecting the Internet browsing activity at all times may not be necessary. Schedule URLs to be tracked at specified times only (e.g. business hours only).

✓ **Bandwidth Monitoring:**

Track the Internet traffic on your network, to isolate users that are congesting the organization's bandwidth.

✓ **Remote Screen Capturing:**

Monitor your users' computer activity by capturing screenshots of their computers.

✓ **Compatible with all major browsers**

Track the URL activity on popular browsers such as IE, FireFox, Chrome, Safari.

✓ **Exclusion List**

Exclude the reporting of irrelevant URLs.

### BrowseReporter Client:

Windows 2000/2003/2008, XP, Vista and Windows 7

*"BrowseReporter has been great in enabling us to give feedback on which sites we need to restrict. With Bandwidth reporting and Remote Screen capturing, BrowseReporter has become the perfect tool for us to monitor our client PCs."*

**Extraweave Pvt Ltd**

## Internet abuse continues to plague the office

500 employees who have internet access at work were surveyed on web and software application usage during working hours.

Employees surveyed who admitted to personal surfing at work (50%) said they are spending 17 hours per week on average. It is estimated that approximately 85% of US office workers have internet access at work.
